Weekly reports relating to the Military Camps and the relations of the Military personnel to the civil population.

Dear Mr. Vedavyasacharya,

With reference to your D.O. letter No.W.95-96 dated the 15th July 1943, I write to state that the Revenue Commissioner has since asked me to furnish him the particulars required to enable him to send a consolidated report to Government. It is not clear whether he has to send his report consolidated, or I have to send it direct with regard to points 3, 4 and 5 only.

Any how the Superintendents of Police of districts have been asked to furnish the weekly reports on all points, but so far reports from only two districts are received, and since this is the first report they have to make to cover all the points noted in your letter, there has been this delay.

The Superintendent of Police, Chitaldrug District, reports that there had been two accidents, one on 17-7-43 by Military Van No.167856, and another on 21-7-43 by Military Lorry No.166937. None was injured in the first case, and in the latter case, it ran over a boy by name Byrappa, aged eight years, by accident, when he was playing on the road. He is said to have succumbed to the injuries on the spot.

I regret I am unable to send in a complete report in this connection this time on the above reasons.

Yours sincerely,
A.A.Khan

It has since been reported that during the previous week some Sappers picked up a quarrel with one Laxmi of Devarajeevanahalli of Bangalore North Taluk regarding the price of mutton and tried to assault her with a knife. On seeing this, her husband with others took her to the Tannery nearby, but the assailants having rushed into the place assaulted the persons. The Yelahanka Police have registered a case under Section 448 I.P.C. and the investigation is proceeding.

On the same day in Mysore City one Sepoy by name Subbiah of the 3rd Infantry is reported to have visited the toddy shop, and having drunk threw the leaf-plate after eating its contents on the server. Consequently altercation ensued. Meanwhile, the Police and Military Officers rushed to the spot and the situation was got under control. The Devaraja Police have registered cases against seven Sepoys under several sections of the Indian Penal Code and are investigating them.

3. Accidents by Military vehicles.

In Bangalore City, on 11-8-43 a military lorry No.M.M.T.C. 29 dashed against a cyclist causing slight injuries to the rider and damage to the cycle. Since the driver of the vehicle has not reported the accident to any of the Police Stations, though the road on which the accident occurred is prohibited for plying lorries of any kind, the name of the driver is yet to be ascertained.

Another lorry No.45777 of 2 STC of Jalahally dashed against a furlong stone on Hebbal Tank with the result one of the Sepoys inside was injured and the electric poles nearby were damaged. The injured person is reported to have been removed to the hospital for treatment.

1. All that you write is appreciated and this H.Q. is taking every possible action to minimise the number of accidents which occur.

2. M.T.Discipline: Very strict orders have been issued from time to time on the subject by G.H.Q. and local H.Q. Formations, and O.C. Units are continually being reminded that in each and every case where the accident is due to rash and negligent driving disciplinary action must be taken.

3. All accidents which occur are reported to this H.Q. and the circumstances are enquired into by a Board of Officers. Responsibility for the accident is fixed and in each case where disciplinary action is required a direction is given by this H.Q. as regards disposal. Other cases recently have been dealt with by Court-Martial and a sentence of rigorous imprisonment imposed. The sentence is either served in a Civil Jail or in a Military Prison.

4. It must be expected however, that accidents will occur and considering the number of vehicles on the road at the present time which is necessary in the interest of the War effort, and the fact that the drivers are not always as highly proficient in driving as one would like, the proportion of accidents cannot, in the opinion of this H.Q., yet be regarded as excessive. Continual efforts will be made to keep the number of accidents down to the minimum. Military Police are doing everything they possibly can to assist.

On refusal by the Daffedar, the Sepoys assaulted him with a stick. He sustained some simple injuries on his head. In the meanwhile, the inmates of the cart, cried for help, when some persons of the roadside village rushed to the spot, but the Sepoys took to their heels at the sight of the villagers. They were not traced afterwards and a reference is said to have been made to the Military authorities by the Police Inspector of Chitaldrug Taluk.

Accidents.

Report relating to the military camps and the relations of the military personnel to the civil population etc. - for the week ending 27-11-43.

My dear Vedavyasacharya,

I write to state that during the week under report the following occurrences are reported.

1. On 23-11-43, there was a clash between a hotel-keeper at Vadigenahalli and about 20 military followers of Auxiliary Force at the place, as a result of which some civilians and two Police Constables received slight injuries. A case under Sections 147, 148, 324, 326, 448, 427 I.P.C. has been registered and investigation is proceeding.

2. Some cases of accidents by military vehicles have occurred at the following places.-

Bangalore City: A military lorry dashed against a cyclist on 20-11-43 causing damage to the cycle and some injuries to the cyclist, who is said to be a cook in the military camp at Jalahalli. The Military authorities have been appraised of the incident.

Bangalore District: Six accidents are reported to have occurred - one on the 18th, another on the 19th, three on the 22nd and one more on the 23rd. In the first instance, though the cart-driver received some minor injuries, the case has been treated as an accident. In the second case, a military motor-cyclist dashed against a civilian motor car, thereby sustained slight injuries. The matter is said to be under enquiry by the local Police. In the first two accidents that occurred on the 22nd, no action was taken by the Police since the vehicles collided belonged to the military. D.O. No. C. 782

Mysore,

13th December 1943.

Dear Colonel Fraser,

Would you please refer to your D.O. letters bearing No. D.F.100-43/Pol. dated the 4th December 1943, regarding the movement of the Division which has been under training in the jungles south of Nanjangud ? We had presumed that adequate arrangements would be made by the military authorities, before the movement started, to ensure the safety of civilians, particularly in the towns and cities through which the vehicles pass. But this does not appear to have been done. A civilian was run over and killed near the Palace today by one of the military vehicles and the driver got away before the Police arrived on the scene. I am told this is not the first occurrence of the kind in the Mysore City. Elsewhere in the State also, I understand accidents involving death of civilians (not to speak of lesser casualities) are occurring as a result of military traffic at the rate of three per month on the average. The public feel concerned over these occurrences and we shall have some difficulty in answering the non-official members who have tabled an adjournment motion on this subject in the Legislative Council now in session at Bangalore. I am sure you will agree that the Military Authorities should be again requested to give the matter their most serious attention.

Punishments for rash driving are not by themselves enough. It is absolutely necessary to post Military Police in adequate strength at important points to control the traffic and take notice of offenses.

I feel that this precaution should be taken immediately in connection with the movements of the Division proceeding to Bangalore from training, so that the danger to civilian traffic on the roads might be minimised as far as possible during these movements.

I believe Mr. Carleston is the Chief Civil Representative with the Division. To save time I am sending him confidentially a copy of this letter to apprise him of the position and requesting him to do what he can in the matter from his end.

Report relating to the military camps and the relations of the military personnel to the civil population, etc. - for the week ending 4-12-43.

My dear Mr. Veeraraja Urs,

Please refer to my report for the previous week in connection with the clash between military personnel and some civilians at Vadigenahalli on the 23rd November. The investigation in this connection has been completed, and the military authorities of 160 Head-quarters, L of C Sub Area conducted a Court of enquiry at the place on 1-12-1943. 16 civilian witnesses have so far been examined and the Court has adjourned for examination of the remaining witnesses.

Accidents.

In Bangalore City, a military motor-cyclist knocked down a boy of eight years, by name Revanna, on 1-12-1943 on Magadi road causing some injuries. The latter is undergoing treatment in the Victoria Hospital. The Police are making enquiries in this connection.

On 26-11-1943, a military lorry dashed against a girl of about seven years on Bangalore-Bellary road. The girl who was admitted into the hospital is said to be recovering.

In an accident that occurred on 29-11-43 on Bangalore-Dharwar road, the military lorry capsized, as a result of which five persons who were in the lorry sustained injuries and they are under treatment in the Chitaldrug District Hospital.

I am sending separately a statement of cases registered by the Police against the military delinquents since July 1943 showing their disposal.

Civil Representative,
25 Ind. Div. c/o 11 A.B.P.O.

Dear M. Madhava Rao,

M. 1049

Please refer to your letter no. C.-726 dated 13th Dec. on the subject of military traffic control. I received your letter only on the 15th late in the evening. I have taken the matter up with the Division to which I am attached and have also addressed 19th Division, making a few suggestions. I have sent a copy to Mr Gawne, the civil representative at Corps H.Q., as their supply vehicles are also involved. Division H.Q. has already received a signal from Army H.Q. on the subject and I am sure that every precaution will be taken to prevent accidents. The G.O.C. of this Division has always been very anxious to put down rash or careless driving. The A.P.M. of this Division has been in close touch with The D.S.P., Mysore and I am sure that these two military and civil police officers will do their best between them to arrange satisfactory precautions.

Actually I have come to know only of two fatal accidents, though I saw the D.S.P., Mysore as recently as 10th December. One of these accidents occurred on 20th November. The driver has been traced and the enquiry preliminary to a court-martial has recently concluded. The D.S.P mentioned one other accident to me and said that the A.P.M. had been at Mysore making enquiries. However, I am obtaining fuller information and shall endeavour to see you in the near future on my way to Madras. I can assure you that the military authorities devote a considerable amount of attention to traffic matters especially the elimination of rash driving. But the difficulties of enforcement are considerable, and the traffic sense of the public is noticeably poor in Mysore State. This latter factor will of course be taken into consideration by the military authorities, but it would considerably help matters if the local civil authorities would do what they can to educate the public as far as possible to take ordinary precautions on the roads, and to follow the rule of the road when driving carts etc. and cycling.

I am sorry I received your telegram too late to take any action on it.

With kind regards.

Yours sincerely,
